INQUIRY CRITICISED

Mrs. Sutton's Lawyer Bring Charges Against Annapolis Court.

SCORES THE JUDGE ADVOCATE

Says Decision Was Rendered on Statements of the Accused Officers—Claims That Court Was Unfair in Many Respects.

(By Wire to the Morning Star.)

Washington, Aug. 20.—Accusing the court of inquiry which recently re-investigated the death of Second Lieut. James N. Sutton, U. S. M. C., of culling from mixed and contradictory testimony certain statements almost, if not exclusively, those of the accused, which the court finds "standing out clearly, distinctly and beyond dispute or cavil," Henry E. Davis, counsel for Mrs. Sutton, mother of the dead officer, in a statement issued today declares that the court conveniently rejected every statement whether of the accused or of other witnesses in conflict therewith.

Mr. Davis declares that the judge advocate was derelict in his duty in not confirming the two legal propositions submitted by Mr. Davis. "Had he done so and the court heeded him," Mr. Davis continues, "it would have been absolutely obliged to exclude the hypothesis of suicide and almost as certainly to exclude the hypothesis of a wound self-inflicted in any manner as the legislation of the cause of Lieut. Sutton's death."

Of the two propositions referred to Mr. Davis states that of one of them related to the "quality and extent of evidence necessary to a verdict of suicide, and the other respecting the conditions under which a phenomenal explanation of a given situation—in this case, the nature of Lieut. Sutton's wound—could be accepted."

Mr. Davis takes up the sixth finding of the court which declared that Sutton "was killed by a revolver shot from a service Colt revolver held in his own right hand and fired by himself, without intervention of any other hand" and after quoting extensively upon this point from the testimony of Lieut. Adams both before the Board of Inquest and the Court of Inquiry, he declares that if Adams' statement be true, "obviously the fatal shot was not fired from the Colt revolver."

Touching upon that feature of the investigation relating to the ownership of the pistol at the time of the fatal encounter, Mr. Davis declares that "comment upon the court's utter failure to deal with this pregnant incident, would be superfluous."

Referring to the fifth opinion of the court, "that the charges of wilful murder and conspiracy to conceal it made by the complainant, Mrs. Sutton, are "purely imaginary and unsupported by even a shadow of evidence, truth or reason," Mr. Davis states that the average civilian mind will have some difficulty in comprehending this statement and he declares that the court was not convened to try any supposed charges of Mrs. Sutton but to inquire into and fix the responsibility of Lieut. Sutton's death.

Pointed reference is made to the action of Major Leonard, the judge advocate of the Court of Inquiry, whom, Mr. Davis states, placed Mrs.

OUTLINES.

Henry E. Davis, the lawyer who appeared for Mrs. Sutton in the naval inquiry at Annapolis, investigating the death of Lieut. Sutton, yesterday brought accusations against the court and sharply criticised the judge advocate——The steamer Fred Swain, with 25 passengers and 15 sailors aboard, caught fire yesterday in the Illinois river and to save the lives of the passengers, who narrowly escaped being burned to death, the boat was beached ——In the automobile races at Indianapolis yesterday Lewis Strang won the 100 mile race by a margin of 10 miles in 1:32:48 5-10, a new world's record, breaking Burman's former record of 1:44——At Louisville John Roberts, Marion Roberts, Nannie Harp and Will Koenig have been arrested in connection with the $1,000,000 counterfeit scheme——At McKee's Rocks, Pa., yesterday an alleged attempt was made by strikers to burn the Pressed Steel Car Company's works and many shots were fired at strike breakers. ——R. G. Dun & Co's. weekly Review of Trade declares that reports from the principal cities confirm the revival of trade. Many industries are taxed with orders and labor will soon be at a premium——During the week the fluctuations in the cotton market have been of moderate range, but the bulls are confident that the price will go up because of an estimated crop of only 11,000,000 to 12,000,000 bales.——New York markets: Money on call easy 2 to 2 1-2 per cent., ruling rate and closing bid 2 1-4, offered at 2 1-2. Spot cotton 15 points lower, closing at 12.65. Flour barely steady with a quiet trade. Wheat easy, No. 2 red new 1.00 elevator and 1.12 1-8 f. o. b. afloat. Corn firm No. 2 mixed 80 1-2 nominal elevator and 81 nominal delivered, No. 2 mixed new 64 f.o.b. afloat. Oats steady, mixed 48 nominal. Turpentine firm 56. Rosin steady.

COTTON PRICES OUTLOOK

Only Moderate Range During the Past Week—Bulls Insist on Crop of Only 11,000,000 to 12,000,000.

(By Wire to The Morning Star.)

New York, Aug. 20.—See-sawing within a moderate range, cotton prices during the week have made no decided move, despite the issuance of several very bullish crop reports and the fact that temperatures in Texas have been extraordinarily high, up to 114 degrees. It has also been very hot elsewhere in the Southwest, Arkansas, Louisiana and even Mississippi and Alabama have not escaped. There are fears that the extraordinary heat may spread to the eastward. Marked crop deterioration is reported in Texas. Several statisticians have put the condition of the whole crop at only 68 to 70 per cent. One makes the total yield only 11,600,000 bales, even allowing 3,000,000 for Texas, which some others insist is too high. Some guessed on the crop here given for what they are worth, go as low as 11,000,000 bales.

Trade has improved across the water, especially at Manchester, where the demand has suddenly increased. The New York stock decreases steadily. The consumption of American cotton this season is expected by some experienced cotton men and close students of conditions in the trade to be the largest ever known. They instance the fact that there is a more confident feeling among the merchants of all the great trading nations. Stocks of merchandise are believed to be comporatively low after several years of cautious buying.

The date for the next government report on cotton is close at hand. It can hardly fail to be bullish. If it is 70 per cent. it will have to be compared with 76 a year ago, 72.7 two years ago when the crop was only 11,375,000 bales, and 72.1 in 1905, when it was only 11,346,000 bales. Mr. Sully had five short crops in succession to build his famous campaign of 1903-04 upon, and in most of those years the September condition was low, ranging from 64 in 1902 to 71.4 in 1901, although for an exception in 1903 the September condition was for some reason put as high as 81.2. It did not prevent the crop in that year from being another failure, 10,011,000 bales. The Sully era saw crops of only 9,436,000 to 10,728,000 bales with an acreage ranging from 24,275,000 to 28,015,000 acres as contrasted with 32,000,000 and upward during the last four years. With a larger acreage to reckon upon, but the conditions have been so bad according to many reports for some time past that some very experienced people look for less than 11,000,000 bales, which they consider would be practically a failure in view of the increased acreage and largely augmented consumption of American cotton.

One explanation is that very many believe that present prices cannot be sustained in the teeth of an expected big crop movement early in the season about to open. Bull speculation has received several severe setbacks within the last few months. There are those who think that the damage to the crop is exaggerated and even heat privately reported as high as 118 degrees in some parts of the Southwest has been in some respects beneficial. The minimum temperatures have in many cases been as low as 68 to 70 degrees. The future of prices hangs largely on the size of the crop movement and the attitude of the spinner. If he buys heavily bull speculation may revive. Otherwise it is believed that prices may sag to a point which will encourage professional operators

HUGE COUNTERFEIT SCHEME

Roberts Brothers, a Woman and a Printer Arrested in Connection With $1,000,000 Deal—Fake Railroad Stock.

(By Wire to the Morning Star.)

Louisville, Ky., Aug. 20.—Following the discovery yesterday of the counterfeit "mint" at Harrod's Creek, this county, and the revelation to the police by W. G. Osborne, the broker of J. M. Fetter & Co., of the million dollars counterfeit enterprise, Mr. Osborne today issued a statement in which he said that Marion Roberts had told him the headquarters of the gang was in Wall Street, New York.

Police have put behind the bars all those supposed to be identified here with the enterprise. John Roberts, who was in charge of the making of the spurious Mexican money; Marion Roberts, John's brother, who handled the negotiable end of it; Nannie Harp, Marion's housekepeer, and Will Koenig, who confessed to having printed the notes, were all arrested. Mrs. Harp and Koenig were released, Koenig under a $1,500 bond, and Mrs. Harp on her own recognizance.

Both Roberts brothers are in durance under $15,000 Federal bond each and John has already announced he will plead guilty in the Federal court.

The final details of the swindling plot exposed by the police and J. M. Fetter & Co., the Louisville brokers, approached by Marion Roberts, show that the plans of the brothers contemplated "faking" even stock certificates of railroads such as the Louisville & Nashville and Pennsylvania, issuing counterfeit money to pay for them and conducting an imaginary business with imitation collateral.

The brass-bound trunk with $1,000,000 in Mexican notes, is the most important capture.

New York, Aug. 20.—The location in Wall Street mentioned in the Louisville dispatch is occupied by old and reputable business firms. The building is in the heart of the business and financial district and everything tends to the improbability that it was or could be in any way connected with the conduct of anything other than reputable business.

STEAMER IS BURNED

Ill-Fated Vessel Beached in Illnois River te Save Passengers.

THRILLING ESCAPES IN WATER

Panic Reigned Among Passengers When Flames Were Discovered. Fire Started in State Room. Engineer Injured.

(By Wire to The Morning Star.)

Peoria, Ill., Aug. 20.—The steamer Fred Swain, Captain Verne Swain, of the Peoria and LaSalle Packet Company, with 25 passengers and 15 sailors aboard burned to the water today after the flaming craft had been piloted into four feet of water and the occupants had escaped to the bank of the Illinois river, up which the steamer was bound when to caught fire.

No lives were lost but Joseph Casrider the engineer was burned about the face and body and Charles Reichberger, of Peoria, suffered a broken arm. The loss is $35,000. Several of the passengers lost their belongings.

The escapes from the burning vessel of the passengers, most of whom were women and children, was exciting and at one time when flames were discovered issuing from the state room on the second deck panic reigned.

Fears were partly calmed as the burning steamer drew nearer shore and scores of row boats were seen hurriedly putting out to the rescue.

The gang plank was lowered to the water's edge when the steamer had been beached and one row boat after another took off a load of passengers and sailors. After two boats had started for shore the gang plank caught fire and fell away from the steamer, letting 15 persons, including several women and children into the water. Thomas Powers, of Peoria, and E. A. Caron, of Worcester, Mass., who were on the plank when it fell, each saved the lives of two children, half carrying and half swimming with the tots on their back and shoulders to old tree stumps to await the arrival of rescuers.

The others who were thrown into the water by the collapse of the gang plank were taken in boats to safety. Those still aboard the steamer managed to let out a new gangway at a place farther from the flames which were rapidly creeping over the boat.

The fire started in a state room and spread rapidly. Captain Swain, realizing that the vessel was doomed ordered Pilot Martin Huston to beach the boat and instructed his crew to deal out life preservers.

Engineer Casrider, after attending to the boilers to guard against an explosion, went to the pumps, remaining there until the flames licked his face. Severely burned and almost blind he turned to escape only to find that a rowboat which had been left for him had caught fire.

He got into the boat, however, and beating the flames from him and rowing hard reached shore. He was taken to a hospital.

Miss Furbish a cabin girl, who discovered the fire, said: "I was at work dusting and cleaning a state room in which the fire started. The whole room was in flames, the smoke blinding me. I gave the alarm and rushed to inform Captain Swain. I do not know how the fire started unless it originated through sparks from the engine room."

D. M. Swain, of Stillwater, Minn., owner of the burned steamer was in the Avery Manufacturing Company plant at Averyville, a suburb of Peoria, near which the steamer caught fire and he aided in rescuing the passengers and crew. His son Verne, Captain of the vessel, was the last to leave the burning ship.

TRAGEDY IN SOUTH CAROLINA.

One Man Killed Another About His Wife.

(By Wire to the Morning Star.)

Aiken, S. C., Aug. 20.—Mark Duncan, 40 years old, was placed in jail this afternoon pending an investigation of the death of Will Brooks, of Augusta, whose dead body was found today near Bath, with a knife wound in the side which evidently caused death. Duncan and Brooks had a fight Wednesday night, it is said, over the alleged relations between Brooks and Duncan's wife, in which fight Brooks was stabbed.

MOTOR CAR RACES

Lewis Strang Pushed World's Record For 100 Miles.

BENGEL BEAT 10 MILE RECORD

Strang Ran Hundred Miles in 1:32:48-5-10, and Zengel Dashed Ten Miles in 8:23 2-10—Nineteen Thousand Spectators.

(By Wire to the Morning Star.)

Indianapolis, Aug. 20.—Strang and Zengel shared the honors of the second day of the automobile race meet in the new Indianapolis motor speedway. Strang won the fastest 100 mile ever held in this country while Zengel established a new ten mile record.

No serious accident marred the day's racing. The only injury reported was a bruised arm sustained by Barney Oldfield.

Some 19,000 spectators crowded the two big stands and hundreds of automobiles filled the parking spaces. The crowd was considerably larger than yesterday.

The feature of the day was the easy victory of Strang with a Buick in the 100 mile race, the star event of the day. Strang led all the way from the start and won by about ten miles in the exceptional time of 1:37:48 5-10. At first it was thought his was a new record for this country but the officials announced that they had decided the mark of 1:32:18 9-10 made by Chevrolet in the first 100 miles of the 250 mile race of yesterday to stand, despite the fact that Chevrolet did not finish the race.

Strang, however, beat Chevrolet's records for nearly all the distances between 20 and 100 miles. Strang's time was more than 11 minutes better than the 100 mile track record made by Burman on a mile track at Columbus, Ohio, on July 3.

DeWitt, in a Buick, finished second to Strang in the long race in 1:41:32-3-10, and Stillman, in a Marmon, was third in 1:42:37 6-10. Marroun, in a Marmon, was the only other of the seven starters to finish. The Buick (Chevrolet), Marion (Monson) and Marion (Stutz) dropped out early in the race.

Strang never stopped once during the 100 miles, his car working perfectly all the way. His pace was uniform throughout. He increased his lead all the way.

The American Automobile Association will not withdraw its sanction from the meet as its officials are satisfied that the motor speedway owners have done all in their power to make the course safe.

Before Strang started on his wonderful race, the honors had gone to Zengel who established a new ten mile record in his Chadwick. This is the second time in the meet that this record has been broken. Chevrolet reduced in a Stoddard-Dayton, with a 30 second handicap, was third. Thirteen cars started.

The ten mile race for machines that will compete in the 300 mile race tomorrow resulted in another victory for the National Aitken won in the creditable time of 9:26 6-10. Herbert Little finished second in his Apperson nearly ten seconds behind Aitken. Mutford, in a Lozier, was third.

The trial for a new mile record was disappointing, as Walter Christie's freak racer of which much has been expected refused to show any desire to speed, and Christie finally gave up after being unable to get the rakish machine around the track once in warming up. Oldfield carried off the honors of the trials as he covered the mile in 0:43 2-10, only 1-10 of a second slower than the world's record made yesterday by him.

Oldfield's old mark of 9:12 3-5 when he won a 10 mile race in 8:56 4-10, and Zengel slashed this to 8:23 2-10 in the 10 miles free for all today, while Aiken in a National finished second in 8:32 6-10.

The fifty mile race was a walkaway for Wright and Schwaitzer in the Stoddard-Dayton cars. They were the only drivers to finish out of the five starters.

The five mile free for all handicap, the most closely contested race of the day, resulted in a victory for Merz who drove a National. His team mate, Aitken, finished one-tenth of a second behind him according to the electrical scoring machine. Aitken really made the better time as his handicap was ten seconds while Merz had an allowance of 20 seconds.

Train Collided With Hand Car Near Brunswick, Ga.—Women Hurt.

(By Wire to the Morning Star.)

Brunswick, Ga., Aug. 20.—Daniel Hayes was killed, and Misses Addie and Ola Porcher were injured near this city today when a freight train on the Atlanta, Birmingham and Atlantic Railway collided with a hand car on which were the young women who were bound for their father's saw mill.

D. T. O'Neal, also a passenger on the hand car, was badly cut in the collision.

Doors will not be open until 8:30 this A. M., in order to straighten stock and place new goods on sales tables at Gaylord's big 10-day sale. **

NEWS OF A DAY IN RALEIGH

Maj. London in Raleigh After Confederate Drum Corps—New Park for League Baseball—Near Beer Licenses.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 20.—Major H. A. London, Pittsboro, adjutant general of the North Carolina Division, United Confederate Veterans, spent the day in Raleigh looking after matters pertaining to the approaching reunion at Charlotte.

He says the outlook is very good for quite a large attendance and that the splendid preparations on the part of Charlotte to take care of the old veterans is going a long way toward constraining veterans in all parts of the State who are not all too decrepit and aged, to undertake the trip. While in Raleigh Major London made arrangements for the Confederate Drum Corps, famed throughout the South as the only remaining original drum corps of the Confederate army, to attend. This corps has three members remaining, J. J. Lewis, Wiley Johnson and W. B. Royster.

A movement is started here for the establishment of an up-to-date athletic park to be under the control of Raleigh's league baseball interests. The park now used is the A. & M. athletic grounds in which right many Raleigh people have stock. However, the regulations and necessities of the college seriously handicap the Raleigh league ball management especially in arranging for special college and other games before and after the league season. Furthermore, there is a prospect for the Philadelphia league team to come to Raleigh to Winter. They would have to have an adequate park separate from the college. There is a good prospect for definite move in this direction early in the Fall; also for the formation of a yet stronger corporation to support Raleigh's league team next season.

Nearly 1,500 excursionists spent the day in Raleigh, having come from Louisburg and intermediate stations on the Seaboard, from the North and from Monroe on the South and over the Southern from Durham and from Wilson as the starting points for two largely patronized parties. The special attraction was the big double-header ball game between Raleigh and Wilson and the lawn party tonight for the benefit of the Raleigh league team.

The county has issued only 15 licenses for near-beer, four-fifths of these being in Raleigh. This tax is $20 each for the county and the State. Then the Raleigh shops pay a municipal tax of $200.

BAIN ACQUITTED IN ATLANTA.

Prominent Insurance Broker Freed After Exciting Trial.

Atlanta, Ga., Aug. 20.—Donald M. Bain was acquitted at 10:30 tonight by a jury in the Fulton county Superior court for the murder of G. E. Williams.

Not in years has a criminal trial in Georgia excited as much interest as has the trial of Bain, a prominent insurance broker, who last June shot and killed Williams, another insurance broker, with desk room in the same office. There had been ill feeling between Bain and Williams for several months and it was claimed that several days prior to the shooting Williams, who was a much younger man than Bain, slapped the latter's face.

On returning from a trip of several days' duration, Williams accused Bain of having changed the wording of a note left by Williams on his desk. Bain denied the charge, heated words followed and when Williams advanced toward the elder man, Bain drew a revolver and shot him dead. The plea of self-defense was sustained.

PROSPERITY IS HERE AGAIN

Prindipal Cities Report Revival in Trade—Labor Will Soon Be at Premium—Some Lines of Industry Now Taxed.

(By Wire to the Morning Star.)

New York, Aug. 20.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

Reports from the principal cities unite in confirming the revival in trade. The prospect is that the volume of business will before long attain such proportions that maximum capacity will be reached and labor will be at a premium.

In the iron and steel trade this condition seems to be already in sight. Railroads are enjoying such increase in earnings and such assurances of good crops that they are buying freely of steel rails and other supplies.

In the dry goods market jobbing houses report a much better business than a year ago. Orders for inron and steel are increasing so rapidly that mills and furnaces experience difficulty in making deliveries, and in some instances premiums are being paid for prompt shipment.

Additional orders for shoes are not coming in very freely and shoe manufacturers do not look for much business until the close of this month. The New England factories are pretty fully employed and have a good volume of business. Leather rules quiet.

Less favorable crop and weather news caused an advance in prices of the leading farm staples.

Wilmington added two more to its string of victories from Rocky Mount in the double-barreled affair at League Park yesterday afternoon, the first by a score of two to one and the second, five to four. Sexton pitched both games for the Sailors and Ogara and Waymack did the sacrificial stunt for the Railroaders.

The Sailors put the first man around the corners in the fourth when Brodie, first up, was hit by a pitched ball, was sacrificed by Brennan and came home on Jayes' single to left and an error in that garden; Kite then sacrificed Jayes, but Lohr was out to first unassisted. Another came in the sixth when Brodie led off with a single and was sacrificed by Brennan, who got two hits and two sacrifices during the game, scoring on Kite's beauty to left. Rocky Mount put the only man over in the ninth, when Murray, first up, was safe on four wide ones, going to second on wild pitch, being sacrificed by Farrell and scoring on Conn's out second to first; Thorpe followed this up with his second hit for two bases in the game but Ogara flew to right. The game was played in an hour and 15 minutes.

Summary: Two-base hits, Thorpe 2, Guerrant; double play, Thorpe to Rapp; sacrifice hits, Murray, Farrell, Conn 2, Thorpe, Ogara, Burke, Nichols 2, Brennan 2, and Kite; bases on balls, off Ogara 1, Sexton 3; struck out, by Ogara 3, Sexton 1; wild pitch, Sexton 1; hit by pitcher, by Ogara 1; time 1:15; umpire, Hatch.

The second game belonged to anybody until the ninth. The Railroaders put two over in the first when Krebs walked and was sacrificed by Rapp, pilfered third and came home on Sharp's indifferent throw to Kite. Farrell then flew to second, but Conn singled to right and Murray went to third, scoring on the throw to second to prevent Conn's stealing; Thorpe fanned. Wilmington tallied one in the third when Lohr led off with a double to left, was sacrificed by Sexton and after Nichols had fouled out to Conn, came home on Guerrant's single to right; Guerrant stole second but Sharp fouled out to Conn.

Guerrant, who played sensational ball in both games, cut off a clean hit of Farrell's in the third by a beautiful stab and in their half of the same, Wilmington put two more on cold storage after two were down. Brodie flew to third; Brennan singled to left but was caught at second; Jayes walked and stole second, going to third on Kite's infield hit; Kite stole second and Lohr then pasted another to left and both Jayes and Kite scored, Lohr going to second on the throw-in; Sexton flew to Thorp. Rocky Mount tied it up in the sixth when Rapp led with a single to left; Murray to right and Farrell to left, scoring Rapp; Conn forced Murray; Thorpe flew to Nichols and Ogara was out to first. Wilmington added another in its half when, after Brodie was out pitcher to first, Brennan singled to centre and stole second; Jayes flew to third, but

PROF. NOBLE'S WORK.

The numerous Wilmington friends of Prof. M. C. S. Noble, of the Chair of Pedagogy, North Carolina University, are gratified over the good reports which come from various quarters of the State concerning his work in behalf of education. Prof. Noble has conducted several teachers' institutes and wherever he has been his work has been praised. It has been thorough and effective and with the enthusiastic and earnest manner peculiar to him he has inspired the teachers everywhere in the good cause.

From Winston-Salem on Thursday comes this interesting dispatch concerning Prof. Noble's work there:

"Prof. M. C. S. Noble, of the State University, is making the teachers' institute in the Salem Academy and College here the most notable in many respects of any ever held in this State, according to persons who have attended many. Every day a speaker of more than ordinary ability is on the programme. Singing of the old songs has been a happy diversion also. "The Old Folks at Home" has been a prime favorite. Prof. W. S. Snipes, superintendent of the Winston public schools, was the principal speaker today. Mr. Snipes said that this was the most largely attended institute held in the State this year, 140 persons having been enrolled. The idea so ably advanced by Prof. J. A. Bivens, of the State Department of Education, for cheery, helpful opening exercises in public schools, was endorsed by Mr. Snipes, and he suggested that the memorizing of good poems would make a valuable and diverting addition to the day's opening exercises."

Prof. Noble was for many years Superintendent of Public Schools in Wilmington and we claim him as a Wilmingtonian. His fame as an educator has spread, and his work among the teachers this Summer will add to it and emphasize his great usefulness to the cause of education in our State.

DON'T CRY FOR CENSUS PIE.

The Raleigh News and Observer observes:

"No politics in the census," says the President. Nobody can read the North Carolina appointees and see anything but politics in the census taking in North Carolina."

It's none of our funeral and we have no kick coming, but we are bound to exercise our prerogative to smile at the idea that politics cut or cuts no ice when all the appointees were selected because they were Republicans. However, we foregt that it was "no politics" of a Democratic nature that was meant in making choice of census appointees.

If any Democrat wakes up and finds that he has a census job he will forthwith realize that lightning struck him accidentally. It would shock a North Carolina Republican at one and the same time to find out that a mistake had been made in appointing a Democrat after the political pedigree of all applicants had been carefully scrutinized by the partisan Republican appointing powers that be.

Now, here! While we acknowledge a propensity to indulge amusement at things that are palpably absurd, we have no oppressive feeling of sympathy with a Democrat who hankers after and whines for "pie" that was deliberately put in the corner for the Little Tom Horners of the Republican party.

WILMINGTON'S AIRSHIPS.

The Winston Republican inquires:

"What city in the State will be the first to boast of a flying machine?"

Do you mean a bought or invented one? Two Wilmington men have invented flying machines. We have seen one's model and it flies, too. It is heavier than air and when it starts it goes up straight. It requires no skids for it to get right up in the air. Its starting flight is not at a slant, but its flight upward is from the ground. The inventor has not built a machine to carry up a man or two, but we would like to see one built according to the model that actually flies.

We understand that there is another inventor who is building a machine that will fly and it is said that he proposes to do about when President Taft visits Wilmington on the 9th of November. The inventor proposes to make a trip in his machine and prove that it is the real thing.

A VETERAN EDITOR.

With its issue of August 18th, our esteemed contemporary, the Chatham Record, completed the 31st year of its existence and began its thirty-second volume. During those 31 years Major Henry A. London has continuously been editor and proprietor of the Record, and it has been an editorial career of honor and usefulness in every particular. The Record, like its veteran editor, has been as true as steel to North Carolina. The paper has never wavered in its devotion to the very best interests of the State and its county, and in every good cause and noble work its influence has been exerted and felt. Editors would have cause to be proud if they could give as long and able service to North Carolina journalism as has Major London. As soldier, editor and citizen he has been true. May his career of usefulness embrace many years to come.

"It's no sin to laugh when you get tickled" declares the Pender Chronicle. Sin or no sin we can't help laughing when the financiers in New York declare that prosperity depeds upon good crops, in face of the claims of the Republican party that it hatches out all the prosperity. We always will laugh till the G. O. P. quits being so utterly absurd.

"What shall we do with wife beaters," inquires a contemporary. Something ought to be done with them. A man who goes around beating everybody certainly should not be allowed to beat his wife out of what little change she may have.

Says the Norfolk Virginian-Pilot "A mysterious veiled lady is said to be following up President Taft. So long as she remains veiled the President is safe." Probably it's the Lady of Lyons who has mistaken him for Roosevelt, the lion killer.

"Georgia will never be a great wool producing State," says the Atlanta Constitution. However, it seems that there was a sufficient supply for peanut politicians to pull the wool over the eyes of the voters who supported them for the Legislature.

Bad roads are conducive to profanity. If you desire to eliminate a fruitful source of utter depravity come out on the side of good roads. A man can go to Perdition faster on a mean road than he can get to market on a good road.

"Smile from the heart" a lecturer advises. Mighty hard to get a smile from anywhere else these times.

CURRENT COMMENT.

—Louisville, Ky., is to have a $700,000 depot. Better do something to make up for lagging behind Atlanta on postal receipts.—Atlanta Journal.

—Every politician is the people's candidate until elected and then they are the representative of some spesial interest. The people elect, but the special interests select.—Rocky Mount Record.

—The News and Observer did not advise farmers "a year or so ago." or at any time "to hold cotton for 15 cents a pound." This to correct an erroneous statement a paper has printed.—Raleigh News and Observer.

—Greensboro wants a law to prohibit cursing over the phone. Winston-Salem had need of it and passed such an ordinance. To our credit there has been but one occasion for its use.—Winston Republican.

—You may call it road fever, or what not, but The Reflector wants to see every man in Pitt county so filled with the sentiment for good roads that he will not rest until every section of the country has them.—Greenville Reflector.

—Recently the Monoghan Mills, at Greenville, S. C., held a fair. There were exhibits of breads, cakes, fancy work, vegetables, etc. We can very readily see how such a fair might become a strong factor for betterment of conditions in a mill community. Doubtless the idea will spread.—Charlotte Observer.

—Just wait until Uncle Sam starts up a war game on the South Atlantic coast and our North Carolina crowdwades into it. If the boys fight as their fathers did, they will show themselves, even in mimic war, like Sir William Wallace's hardy followers, who counted victory certain when hostile odds were but two or three to one.—Charlotte Observer.

—Of an uncommonly fine young man in Raleigh, Charity and Children says: "We are very glad to hear that Mr. McCauley Costner, of Raleigh, who always sends a birthday offering to the Orphanage, and who graduated last year at the University, has been offered and has accepted a place in the faculty of that institution. He is assistant professor of English."—Raleigh News and Observer.

—The secret of the defalcation is the old, old story—speculation, the rock on which so many cashiers have wrecked their lives. In the present case the cashier took a flyer with a hundred dollars of his own money—and won. Had he lost he might have been saved, but winning was the light that led him on and on until the end came. He may have won now and then with the bank's funds, but in the end the loss was more than $16,000.—Southern Pines Tourist.

TWINKLINGS.

—Youngster—What's the most aggravating thing during married life? Oldster—Why, the woman.—Illustrated Bits.

—Politics is like a baseball game. The politicians do the playing, the public does the yelling, and the magnates pocket the gate receipts.—Life.

Nick—She's awful backward and shy. Dick—Yes, she would blush if she saw a pile of undressed lumber.—Jersey City Journal.

—"Your hair wants cutting badly, sir," said a barber insinuatingly to a customer. "No, it doesn't," replied the man in the chair. "It wants cutting nicely. You cut it badly last time!"—Philadelphia Inquirer.

—The Doctor—Nonsense! You haven't got a cancer. Booze is what ails you. You must stop drinking at once. The Souse—Gee! Is it that serious? Why, Doc, I thought it was some simple thing that could be helped by an operation!—Cleveland Leader.

—Sunday School Teacher—Why, Tommy, I am surprised to hear you say that you don't believe our prayers are answered. Tommy—Well, the angels brought a new baby to our house last week and all the time I had been praying for a goat!—Philadelphia Record.

—Spartanburg, S. C., Aug. 19.—Baxter Mitchell, formerly of this city, member of a prominent family, with his wife, formerly Mabel Holliday, resident in the tenderloin district, attempted the badger game at Swannanoa Hotel in Asheville several days ago. With a pistol in his hand Mitchell rushed into the room occupied by his wife and a young man of Hendersonville, and demanded $1,000 from each. His wife paid him $600 in bills and the young man, who had only $5 in cash, the price of his lodgings, made checks on South Carolina banks to the amount of $595. The stranger returned to his home in this State and later went back to Hendersonville, where he swore out warrants for Mitchell and his wife. Upon their return to Hendersonville they were arrested. When the case was called for hearing Mitchell returned the checks and paid the costs of the case. The checks were burned. The man in the case is a well known citizen of this State. He claims that Mitchell enticed him to his room in the Asheville hotel on the pretense of showing him samples of goods. Mrs. Mitchell is well known in Spartanburg as a member of the half-world. Several years ago she married Mitchell and they left the city. For several weeks they have resided in North Carolina resorts. It is said that the same game was attempted a few weeks ago by Mitchell.

—Raleigh News and Observer: In the city are Messrs. William and Alexander McDonald, of Scotland, who have come to America to make this country their home. The Stars and Stripes look good to them. These stalwart young Scots—and they are fine young men—are here with Col. Benehan Cameron, who met their father in Scotland while on a visit there. They are the sons of Mr. Alexander McDonald, of Conon Bridge, Ross-Shire, in the north of Scotland. Their father is an official in the Fairntosh district in Ross-Shire. "Fairntosh" being the name of Col. Cameron's home here. The young men are practical business men, one having been in the banking business in Scotland, England and at Buenos Ayres in South America, and the other in the grocery business. They are looking for employment in North Carolina. Yesterday in company with Colonel Cameron they called on Governor Kitchin and other State officials.

Touching Their Vanity.

The bell rang with a petitioning sound, very small push. When the woman opened the door a young chap stood outside with his hat in his hand.

"I am offering a knife sharpener today," he said, "which is worth a quarter for 10 cents. Look! A little steel knife with it. If you will let me show it to your maid a minute I am sure she will like it."

"My maid is out at present," said the woman, "but I'll take it."

Then she left the door open a trifle to see if he would work the maid racket on her east side neighbor, who had no more maid than she had. He did. The neighbor also took the knife and the sharpener at 10 cents.—New York Press.

A Card and a Beggar.

"It's a good rule never to give your card to a beggar who promises to return your loan of 50 cents or a dollar," remarked a New York clergyman the other day. "Not long ago," he continued, "a man in clerical clothes called on me, presented the card of a minister out on Long Island and borrowed enough money 'to get home on.' He asked for my card, promising to return the amount promptly, and that was the last I heard of him until I learned that he had been arrested and sent to jail in a nearby town for swindling. As my card was the only one found on him, he was docketed in my name. I discovered in the newspapers that I was behind the bars without knowing it."—New York Tribune.

"Mary, after the week is out I shan't need your services," the boarding house keeper told her cook. "Your cooking doesn't suit me."

"But the boarders seem to like it, ma'am."

"Yes; that's why I must get another cook."—Bohemian.

Attractive Variable Route—Excursion Fares by the ATLANTIC COAST LINE.

The Atlantic Coast Line has issued a folder announcing attractive excursion fares to a number of Eastern resorts, including Niagara Falls, Montreal and Quebec, going and returning by the Atlantic Coast Line as far as Washington, but by widely variable routes north of that city, that is, a passenger can select almost any route from Washington to destination and return by almost any other regular route.

These rates open up a new method of traveling and will no doubt be largely patronized, as New York, Boston and nearly all the Eastern resorts can be reached by one of these "Variable Routes," or what may be more properly termed "Circular Tour," tickets especially as liberal stop-over privileges will be allowed.

One of the folders giving the routes in detail with rates and other information may be obtained by calling on or addressing the undersigned.

DO YOU PATRONIZE HOME INDUSTRIES?

Those of you who have been making your purchases away from Wilmington should think before patronizing mail order and houses away from home any further.

Who sympathized with you when your little girl was sick? Was it the mail order house?

Who carried you last winter when you were out of a job and had no money? Was it the mail order house or was it your home merchant?

When you want to raise money for the church or for some needy person in town, do you write to the mail order house, or do you go to your home merchant?

How much does the mail order house give towards keeping up sidewalks or paying the minister's salary?

When you were sick how many nights did the mail order house sit up with you?

When you had to raise money to pay your gas bill, did you get it from the mail order house or a home merchant or contractor?

When your loved one was buried, was it your home merchant who dropped the tear of sympathy and uttered the cheering word, or was it the mail order house?

CHINESE JUSTICE.

Li Hung Chang and the Men Who Tried to Poison Him.

When Li Hung Chang was Chinese premier and was having a bitter fight with some of the more conservative members of the tsung-li-yamen he received as a present a magnificent cake which he had reason to suspect contained poison. He put the cake aside and set all his powerful machinery to work to find out who was at the bottom of the plot. The investigation was partly successful, the crime being traced to three men, of whom one at least was absolutely guilty. Li had the trio arrested and brought to his yamen. When they arrived they were ushered into his presence and were received in his courtliest manner. The cake was produced with the remark that politeness forbade his tasting it until the three generous donors had had an opportunity to enjoy its excellence. Li cut the cake, and one of his servitors handed it to the unwilling guests. Each took a piece and ate or pretended to eat it. One crumbled the pieces and let them fall upon the floor, but the other two ate calmly, without manifesting any emotion. Ten minutes and the two men began to show symptoms of suffering. Li smiled benignantly and said to the man who had not eaten, "Your wisdom is so great that I am compelled to preserve your head as a souvenir to transcendent genius."

The man was removed and promptly decapitated. To the other two the premier remarked: "The cake that you are eating is not the one you sent, but one which I had my cook imitate. The poison from which you are suffering exists only in your imagination. I know of no way to cure your present pain except by letting you share the same fate as your friend who has just left the room."

As they were led away the statesman said to his retinue, "It is a pity that a man who can eat a deadly corrosive poison with an unmoved countenance should so misapply the talent wherewith heaven has endowed him."

ICEBERGS.

How Those Found In the North Atlantic Are Formed.

The distance covered by an iceberg of the north Atlantic from the time it is formed until it reaches the banks is fully 2,500 miles. It may have been afloat for a year, exposed to wide changes of temperature, battered by ice floes, possibly other bergs and ceaselessly washed by the waves. Yet some of those seen 2,000 miles south of their starting point are nearly 300 feet in height and truly of majestic proportions, often 1,000 or more feet in length, while it is an established scientific fact that so much more of the bulk is under water than is visible that the largest bergs may extend into the ocean to a depth of over half a mile.

Their enormous size when they become detached from the glaciers is proved by the observations of explorers along the Greenland coast. A few years ago a berg was measured as nearly as possible around the edges. This distance was about five miles. It had several peaks estimated to range from 300 to 500 feet high. Judging from its appearance, it was a solid mass that had separated in its entirety from the glacial edge of Greenland.

As arctic navigators who venture far north often see a score or more of great bergs in a day, the tremendous glacial activity in this region can be appreciated. The majority of these that drift to the Grand banks come from Melville bay. Some of the distinct glaciers that terminate the Greenland ice cap on this coast extend along it a distance of fully twenty-five miles. Their thickness or height can only be estimated, but in places near the open sea it is believed to be several hundred feet.

Recent examinations of this coast show that during the short summer the formation of bergs in the bay is almost continuous. The glacial movement keeps pressing the ice forward until a thick stratum often projects many feet beyond that beneath. After a time the great weight overcomes the tensile strength of the mass and it falls into the sea, and a berg is created.—Day Allen Willey in Scientific American.

A Frog's Nest.

In Brazil a species of tree frog constructs in the water a curious nest, or fortifications, to protect its eggs and young from the attacks of fish. Starting at the bottom of a pond, the mother frog erects a circular, tubelike wall of mud which at the top projects above the surface of the water. In the water thus inclosed the eggs are laid, and when they have hatched out the frog's young are secure from enemies until they are able to take care of themselves.

Puppies Both.

"I would give half my fortune to be in your little dog's place," said a "smart" young man in a railway carriage to a girl who had a toy terrier in her arms.

"And it would be the right place for you," she retorted, "for I am taking him to have his ears cropped!"—London Express.

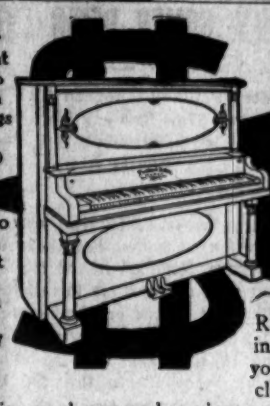
A Natural Inference.

"Matrimony," said the lady who had just secured her third divorce, "is, after all, an uncharted sea."

"I take it, then," her friend replied, "that you have not engaged in your various ventures for charting purposes."—Chicago Record-Herald.

Many men fume at last a rich vanish with which the routine of life is washed and its details edulcorated.—Emerson.

Our Great Club Plan Brings A $400 Piano at a Cost To You Of $287



$113 Saved - and Music Lessons Free

Right now, in your own home, you can have a thoroughly high class piano, paying on easy terms but a third its usual cost and getting a complete musical instruction without a cent extra charge—all through the Ludden & Bates Piano Club.

The instrument we offer you is in all respects the equal of any $400 piano you may name. By selling one hundred at a time instead of singly, we are able to offer them at $287 each, on very small payments—a direct saving to you of $113. And you get the use of the piano while completing the payments.

The Ludden & Bates New Scale PIANO

is a full cabinet grand, with special steel and copper wound strings, double repeating action, balanced scale, light, even touch, and genuine ivory keys. Cases of mahogany, walnut or oak; rich, full, "singing" tone, found only in pianos of the highest class.

Your piano will be selected by an expert; will be guaranteed for a lifetime.

Free with each instrument is included a complete and valuable course of lessons. A handsome, well-made stool and attractive scarf are also furnished.

In the event of the death of the head of the family, we cancel the club contract and present you with the piano without further obligation.

Let us tell you about the club now forming. Complete details upon request.

ERECTING FERRY STATION

Will Be Great Convenience For Wilmington and Brunswick People.

The erection of a ferry station for the use of the public, going across the river, providing a much needed and great convenience for people while awaiting the boat, was commenced yesterday at the foot of Market street near the steamer Wilmington's wharf.

The station is being erected by the city and is at the public dock. The station will be especially serviceable in rainy weather and passengers can then be transferred across the river without having to come out in the rain. The boat is operated by the Brunswick Bridge and Ferry Company. The station will be completed within the next few days.

Mr. B. F. King, Jr., president of the Boys' Brigade, has called a meeting for Monday night at which time a number of important business matters will be considered and plans for the Fall and Winter work will be discussed. The gymnastic department will be a feature of the work of the organization during the approaching Winter as usual. Mr. Wilbur Dosher will again be in charge of the classes. The question as to whether or not the Sunday meetings, which were largely attended last Winter, will be held this Winter will be considered at the meeting Monday night along with a number of other matters.

Starte Suit Against Husband.

A civil action was started in the Superior court yesterday entitled Bessie Raynor Porter against Herbert H. Porter, which comes as the second chapter of trouble between husband and wife. Mr. Porter was arrested a few days ago for abandonment and failure to provide for the support of his wife whom he married in this city only about three weeks ago. It was thought that the action yesterday was for a divorce, but C. D. Weeks, Esq., of counsel for Mrs. Porter, stated that it was not for a divorce, but declined to say just what the action does involve.

LOCAL DOTS.

—United States Marshal Claudius Dockery has announced from Raleigh the appointment of Mr. William J. Benton, of Whiteville, as a deputy marshal.

—The 18th series of the North Carolina Home Building Association matured August 1st and the stockholders were paid $22,200. The 38th series will open September 4th.

—Services at the First Presbyterian church will be conducted tomorrow morning at 11 o'clock and in the evening at 6 P. M., by Rev. Byron Clark, of Salisbury. The public is cordially invited to attend.

—Ensign and Mrs. Williams, in charge of the local post of the Salvation Army, announce services for tomorrow as follows: Hall, Front street, near Princess, Sunday School at 11 A. M.; evening service at 8 o'clock. Grove meeting Sunday at 4 P. M. at Delgado. All are welcome.

—The races of the Carolina Yacht Club for the Walters-Jones trophy will be held on the following dates, announced yesterday: August 25th at 3 P. M.; August 30th at 3 P. M.; September 8th at 3 P. M. A meeting will be held Monday for the purpose of arranging further details of the races.

—A white man by the name of Robinson was lodged in the city prison last night to answer a charge of drunkenness and disorderly conduct before the Recorder this morning. Robinson lives up the Cape Fear river some 30 or 40 miles and expected to return on the steamer City of Fayetteville last night. After boarding the boat he became disorderly and the captain ordered his arrest. He had about $70 in money on his person.

DAUGHTERS MEET MONDAY

Anniversary of F. I. L. I.—Bestowal of Crosses of Honor.

An important meeting of Cape Fear Chapter, United Daughters of the Confederacy, will be held in the Wilmington Light Infantry armory on Monday, August 23rd, at 11 A. M., at which time the Chapter will fittingly observe the anniversary of the Fayetteville Independent Light Infantry with a bestowal of Crosses of Honor and other interesting and appropriate exercises. The F. I. L. I. is one of the few companies that maintained its individuality all through and since the War and its uniform is still of the Confederate gray, therefore the Daughters each year mark the day with the fourth bestowal of Crosses and such other observance as they may arrange. The Crosses this year will be bestowed upon the following:

D. C. Littleton, private, Co. H, Third North Carolina Cavalry.

John W. Cannon, private, Co. D, 20th Reg. N. C. Infantry.

Timothy Donlan, private, Col. J. G. Burr's Home Guards.

John R. Turrentine, private, Hunt's Battery, McIntosh's Battalion.

At this meeting further steps will also be taken toward the entertainment of the State Convention, U. D. C., here in October. All members are urged to be present.

GIVEN PRELIMINARY HEARING.

Alex. Mazingo Charged With Retailing in Cumberland County.

Charged with retailing whiskey without license in Cumberland county in June, 1907, Alex. Mazingo, an elderly white man, who has served considerable time on the New Hanover roads, was given preliminary hearing before United States Commissioner George Harriss at 3 o'clock yesterday afternoon. There were four witnesses in the case, Louise Bushee, Alex. Wright, Erwin Jones and Green Beal, all white, who arrived here from Fayetteville on the steamer City of Fayetteville. They testified that they purchased whiskey from Mazingo on numerous occasions, buying whatever quantity they desired. It appeared from the evidence that Mazingo was a "walking blind tiger" in the City of Fayetteville for some time in 1907.

Probable cause being found the Commissioner bound the defendant over to the next term of Federal court, which convenes November 8th, and in default of a $250 bond was committed to the county jail.

GREATER WILMINGTON CLUB

Meeting of Organization Within the Next Few Weeks.

It is announced that a meeting of the Greater Wilmington Club, organized a few weeks ago with a large membership, including some of the most prominent business men of the city, will be held within the next two or three weeks at which it is hoped to have a large attendance of both members and prospective members. Owing to the fact that the club was organized after the Summer was well advanced it was thought best not to attempt to hold another meeting until Fall. The organization started off with a large membership, but since the last meeting a large number of other business men have signified their intention of joining.

Croom Cases Continued.

The cases against Arthur Croom, a young white man, who is alleged to have raised considerable disturbance Wednesday night on Fifth street, near Grace, were called in Justice Harriss' court yesterday morning, but at the request of A. J. Marshall, Esq., counsel for the defendant, a continuance until today was granted. Geo. L. Peschaus, Esq., represents the prosecution. Croom is charged with a nuisance and is also indicted by Walter Gaylor on a peace warrant. He is in jail in default of bond. It was recalled yesterday that Croom was tried before Justice Bornemann July 22nd on a peace warrant swore out by R. S. Marrick, an elderly white man, who was assaulted by Croom. He was required to give $100 justified bond to keep the peace for two months, C. H. Daniels being surety.

NEW HOMES BEING ERECTED

More Building Going on Now Than at Any Time in Many Months—Recent Permits—Real Estate is Active.

It is stated by persons who are in a position to know that there is more building going on in the city at present than at any time in many months and new homes are being erected in almost every section of the city, ranging in cost from $300 to $3,000 and more. Activity in the building line began to increase two or three months ago and the books of Building Inspector H. E. Bonitz show that during that time a large number of building permits have been issued. There are a number of handsome homes in course of construction and several have been completed in recent months.

The real estate market has also been very active during the past few months and a great deal of property has changed hands. The real estate men say that the prospects for Fall business are indeed very bright. It is a rare occurrence that a day passes that a number of deeds of transfer of real estate are not filed at the Court House for record.

Among the permits issued by the Building Inspector during the past few days and not previously recorded in The Star are: James Owen Reilly, four-room, one story building on Ninth street, between Wright and Meares; estimated cost, $475; P. L. Johnson, contractor. R. W. Price, addition of four rooms to dwelling on Orange, between Fifth and Sixth streets, estimated cost, $1,500; Lowrie Moore, contractor. C. D. Dickerson, two-story, eight-room house, on South Second street, between Ann and Nun streets; estimated cost, $3,500; John Thomas, contractor. H. S. Allen, two-story, 10-room house, on Fifth, between Grace and Walnut streets, estimated cost, $2,500; John Williams, contractor. Lucy M. Nash, one-story, four-room house on Miller, between Wood and Bay streets; estimated cost $350; John Lane, contractor.

FAVORS THE DEFENDANT.

I. B. Farrah Won Civil Action in Justice Harriss' Court.

The second hearing of the civil action entitled Jos. Smith against I. B. Farrah, involving $75 alleged to be due as rental for August of the store room at the southeast corner of Princess and Second streets, until recently occupied by the defendant as the "Bon Marche," took place before Justice Harriss and a jury yesterday morning in the Court House. The first trial took place a few days ago and resulted in a mistrial, the jurors being unable to agree. It took the jury yesterday only 15 minutes to decide in favor of the defendant. Notice of an appeal to the Superior court was given by the plaintiff.

The personnel of the jury was as follows: Mark Janes, Samuel A. King, Jr., W. H. Darden, Ben Horne, Henry Gieschen, W. E. Peterson.

Hon. John D. Bellamy and C. D. Weeks, Esq., represented the defendant and Marsden Bellamy, Jr., Esq., the plaintiff.

NEW SAW MILL.

Plant Being Installed Near Swift Fertilizer Works.

Messrs. Newton & Williams, who recently moved here from Whiteville, are installing an up-to-date saw mill plant, on the west side of Northeast river, near the Swift Fertilizer Works. The plant will have a capacity of 25,000 feet of lumber a day and a large force of hands will be employed. It is hoped to begin operations within a few days. The firm has been engaged in the lumber business for several years and moved to this city from near Whiteville, where the proprietors operated a big plant.

ENTERTAINED ORPHANS.

Miss Fales Gave Reception to Party of the Young Ladies.

Miss Bevvie Fales gave an informal reception to a party of young ladies from the I. O. O. F. home, here on their annual outing, at her home, No. 518 Castle street, yesterday afternoon from 5 to 6 o'clock.

Those present to enjoy the pleasant sociable were: Misses Virginia Suther, Naomi Suggs, Anna Suther, Daisy Chappell, Evelyn Suther, Teresa Abiatti, Zola Gage, Annie Hayes, Marion McDonald, Rebecca Green, Myrtle Gage and Maude Jennett. Delightful refreshmens were served during the evening.

Tried on Fale Pretense Charge.

Jesse Blount, colored, was tried before Justice Sykes yesterday morning on the charge of obtaining goods under false pretense from John W. Plummer, Jr., who testified that he let the negro have some goods on the promise of the negro to do some work for him which was never performed. The statute under which the warrant was issued makes the offense a misdemeanor and the defendant was found guilty. He was fined $20 and costs. The fine was remitted upon payment of costs with the understanding that defendant would satisfy the prosecutor.

Mr. Marshburn Painfully Hurt.

Mr. L. H. Marshburn, the popular manager of Mr. J. B. Fales' store, sustained a most painful injury in which his left wrist was severely cut, when he fell from a shelf in the store Thursday afternoon and his hand went through the glass showcase. In the accident two veins were severed and it is feared that he may lose the use of his thumb. He will be unable to resume his duties for some tmie. His friends will regret to learn of the unfortunate accident.

AMERICAN AEROPLANE CO.

Will Handle the Invention of Mr. David Palmgren.

Articles of incorporation of the American Aeroplane Company, of Wilmington, were drawn up yesterday and a charter for the concern will be applied for immediately. The stockholders will be Mr. Fred A. Bissinger, Mr. David Palmgren and a number of Wilmington business men, and they propose to construct airships according to the idea of Mr. Palmgren, whose invention has been mentioned in detail in The Star. Mr. Palmgren has completed his model and he thinks his machine is a decided improvement over any others that have been invented. Work on the construction of a machine will be commenced in a short time and when completed the trial tests will be made in this county. It was announced a few days ago that Mr. Palmgren would make his first flight on the date of the visit to this city of President Taft, November 9th.

CLEANING THE CITY.

Present Large Force of Hands Will be Reduced Next Week.

Fred W. Bonitz, Esq., chairman of the Streets and Wharves Committee of the Board of Aldermen, announced yesterday afternoon that the present large force of hands employed in "cleaning up" the city will be reduced to the usual number after next week and stated that he desired the citizens to make special effort from now until then to rid their premises of all accumulated trash and garbage. Any complaints or requests should be telephoned to the sanitary department, City Hall, 'phone No. 623, and these will receive prompt attention. The committee has just received from the shops of Mr. J. O. Brown a new trash cart which is said to hold three times as much as the other carts now in use. Two or three more carts will be built for immediate use.

TWO TRACTS LAND DONATED

One Given for School Building and the Other For Church.

Deeds were filed for record yesterday transferring from Mr. and Mrs. Moses Horne to the Board of Education an acre of land on the Castle Haynes road and an acre adjoining to Messrs. W. T. Ritter, William Blossom and Geo. W. Trask, trustees of the recently organized Wrightsboro Baptist church, of that section of the county. Both tracts of land are donated by Mr. and Mrs. Horne, and on one will be erected a handsome new school building and on the other a church building. The contractor, Mr. C. D. Morrell, will begin Monday the erection of the school house and it is hoped to have it completed in time for the opening of the school term in September.

Recorder's Court Yesterday.

Will Boney, colored, was the lone defendant in a brief session of the Recorder's court yesterday morning. He was charged with disorderly conduct and was found guilty and required to pay a fine of $10 and costs. Recorder Furlong reserved his judgment in the case against Arthur Croom until today, pending the result of the trial of the other cases against the defendant in Justice Harriss' court. Will Boney was also tried before Justice Harriss yesterday morning on the charge of assault upon Sarah Bernice, colored. He was let off with costs.

ORPHANS ENJOYED RIVER TRIP.

Concluding Event of Their Annual Outing—Leave For Home Today.

The I. O. O. F. orphans were the guests of the Daughters of Rebekah on a delightful river trip conducted under the auspices of the organization on the steamer Wilmington last night and it was a most pleasing and interesting trip for the little folks. The boat left the wharf at 8 o'clock and on the outing went some distance beyond Carolina Beach pier.

The children were accompanied on the trip by a large party of Wilmington people, a number of those who have been entertaining them being in the party. Besides these were the matrons and the local Odd Fellows' committee. It was one of the most pleasant features of their annual outing, which is anticipated each year with so much pleasure.

The trip was arranged and personally conducted by the Daughters of Rebekah, through a committee of which Mrs. E. C. Hudson was chairman, who supplied many entertaining features for the children. Capt. Harper, as previously stated, generously gave the steamer for this event and the proceeds realized were turned over to the orphanage to be used in furnishing a room in the Jacobi Memorial building. The boat reached the city on the return trip shortly after 11 o'clock.

Supt. Brinson, of the orphanage, who has been with the children in the city for the past few days, highly complimented the Wilmington Odd Fellows for the splendidly arranged outing and extended hearty thanks to the committees and the Wilmington people who have so cordially entertained the orphans.

After their enjoyable four days' stay in the city the orphans will return home this morning, leaving on the 9:55 Coast Line train for Goldsboro.

NURSES GRATEFUL

Return Thanks to Wilmington People For Many Courtesies.

Before leaving for her home in Winston-Salem Miss Constance E. Pfohl, president of the State Nurses' Association of North Carolina, prepared the following card of thanks, which she requested be published in The Star:

"The nurses of the North Carolina State Association desire to express their appreciation of the many courtesies extended them by the nurses of the local association—tea at the James Walker Memorial Hospital, the trip down the river on the steamer Wilmington and dinner at the Northrop Cotage.

"They feel that they owe especial thanks to the Wilmington doctors and Rev. Thos P. Noe for the interest manifested and the most interesting and instructive papers prepared and read before them.

"They also wish to thank the proprietor of Tarrymoore Hotel for courtesies extended, and the newspapers for their most excellent reports of the meetings."

At The Bijou Today.

"Instruction by Correspondence" and "The Adventures of Fifine" are the features of the bill at the Bijou today. Both pictures will be found of unusual interest, comical and full of interesting situations. The large number of Saturday patrons of the theatre will be highly pleased with the offering today.

Experience Proves.

Time tells which is best and most reliable. For 70 years Perry Davis' Painkiller has been driving away pain and bringing health—as a remedy for sprains, burns, bruises, rheumatism, neuralgia. It cures colds, cramps, bowel complaint. But be sure to take this unequalled remedy promptly. Large bottles 35 cents or larger 50 cents.

FRED HARPER, ESQ., CHOSEN

Will Act as Arbitrator in Russell & Oliver Dissolution.

Fred Harper, Esq., of Lynchburg, Va., son of the esteemed Captain J. T. Harper, of this city, has recently been chosen an arbitrator in the dissolution and settlement of the partnership of the big firm of Russell & Oliver, in which is involved some $500,000.

W. J. Oliver of Nashville, Tenn., is at the head of one of the largest contracting firms in the South, and it will be recalled made a favorable bid on the construction of the Panama Canal, which was accepted by President Roosevelt and later rejected, when better terms were agreed upon. The big firm of Russell & Oliver was sub-contractors under W. J. Oliver. Recently a dissolution of partnership was decided and the affairs of the company were too complicated for the consideration of a jury and a board of arbitration was agreed upon, Mr. Russell chose Mr. Fred Harper, of Lynchburg, and Mr. Oliver named Mr. T. A. Wright, of Knoxville, and the two selected Judge F. I. Osborne, of Charlotte.

The selection of Mr. Harper to assist in settling the affairs of this big company, will be learned with interest here, where he is well known. The Russell & Oliver firm has been building the big tunnel for the Southern railway at Lynchburg, Va., which has been partially destroyed by fire during the past few days.

CONTRACT FOR WELLS.

Bid of Mr. Thomas W. Callihan Accepted by Committee.

The Waterworks and Sewerage Committee of the Board of Aldermen yesterday awarded to Mr. Thomas W. Callihan, of the Callihan Pump and Well Company, the contract for sinking four wells in the city at the following places: Third and Wright, Sixth and Ann, Ninth and Princess and Third and Brunswick streets. His bid was $455, which is lower than the one submitted by the only other bidder, Mr. J. D. Lowry. The bids were opened by Alderman J. H. Hinton, chairman of the committee, and Alderman T. B. Willard.

Mr. Callihan will begin at once the work on the wells and hopes to have them completed within a few months. The flow of water is to be not less than five gallons a minute and must be acceptable for drinking purposes to both the State chemist and the city physician. Gould's adjustable deep well lift pumps, brass cylinder, 10 strokes, adjustable handle, are to be used.

Death of Little Daughter.

The seven-months-old daughter of Mr. and Mrs. E. M. Shepherd died at the family residence, 205 Meares street, at 2 o'clock yesterday afternoon. The parents have the sympathy of many friends in their bereavement. The body will be taken to Jacksonville, N. C., today for interment.

MR. WALTER GAYLOR DEAD

Passed Away at His Residence on North Fourth Street Yesterday Afternoon—In Ill Health Some Time—Funeral Today.

Hundreds of friends and relatives were saddened yesterday afternoon to learn of the death of Mr. Walter Gaylor, one of the city's best known and most highly esteemed citizens, which occurred at his residence, 317 North Fifth street, at 3 o'clock yesterday afternoon. Mr. Gaylor had been in declining health for six months or more and for the past several days his condition was regarded as critical, suffering from a complication of diseases.

Mr. Gaylor moved to Wilmington some 12 years ago and was engaged in the produce business on Market street until he was forced to retire on account of ill health. He was prominent in fraternal as well as church circles, being an active member of Wilmington Lodge, No. 319, A. F. & A. M., and Carolina Council, Royal Arcanum, and St. Andrew's Presbyterian Church.

He was 53 years old and is survived by his wife, one son, Mr. Walter K. Gaylor, three daughters, Misses Lucy, Marguerite and Isabel Gaylor, of Wilmington; two sisters, Mrs. J. D. Callahan, of Red Springs; Mrs. J. A. Matthews, of Magnolia; two brothers, Messrs. George and John Gaylor, of Magnolia.

The funeral services will be held from the residence at 4 P. M. today conducted by Rev. J. M. Plowden. The burial will be in Oakdale cemetery and will be with Masonic honors.

THANKS TO ODD FELLOWS

Supt. Brinson Expresses Appreciation Of Outing For the Orphans.

(Communicated.)

"As superintendent of the I. O. O. F. Orphan Home I want to express our acknowledgements and thanks to the Wilmington Odd Fellows, both subordinates and Rebekahs for their unsurpassed kindness in giving to us such a delightful time in this our annual outing.

"We go home today carrying with us glad memories of the many happy hours we have enjoyed since starting from our dear old Home on Tuesday morning, August 17th. Every moment has been full of gladness, both of anticipation and realization.

"As Odd Fellows it does our hearts good to be able to come into this delightful city, and turn our whole crowd over into the homes of our Wilmington brothers and sisters.

"We are so glad that we feel no hesitancy in doing this because of our abiding faith in our Jacobis, our Yopps, our Craigs, our Harpers, our Joneses and—oh! time forbids our continuing this list of enumeration, for Wilmington is alive with sterling Odd Fellows and genuine Rebekahs.

"And as to our children and old folks, they are ready to go wild over this whole thing.

"Because of some untoward circumstances we were not able to accept the kind invitation tendered us last year, and this seems to have whetted our appetites the more keenly for this year.

"And now thanking you all for the many kindnesses shown us, we all join in best wishes from old Captain Smith down to Willie Stout.

J. F. BRINSON.

"P. S.—We would not for a moment forget the kindnesses of the railroad and Tidewater Power Company picnics, including Captain Harper in this note of thanks."

STEEL STRIKERS DESPERATE

Attempted to Burn Works Yesterday. Rioting With Renewed Vigor.

(By Wire to the Morning Star.)

Pittsburg, Pa., Aug. 20.—An alleged attempt to set fire to the plant of the Pressed Steel Car Company at McKeKee's Rocks early today, followed by much disorder when the striking employes of the car company fired several shots at over a hundred new men who are being taken into the works about noon, kept the State constabulary and deputy sheriffs on the alert for 12 hours today.

New cars shipped away today indicate that the company is successful in operating the works at least on a small scale with the imported working men.

Charged with aggravated assault and battery, Troopers Wolf and Davis, of the State constabulary, were arraigned for hearing before an alderman today. The case was dismissed on account of conflicting testimony. The informations on which the troopers were arrested were made by a striker as the result of an alleged batting said to have been received on the night of August 7th, when troopers were called to the strike zone to quell a disturbance.

The women strike sympathizers became excited during the afternoon and the Amazons, numbering about 500 gathered at the gate of the car plant and threw heavy paving stones over the stockade. A detail of State troops dispersed the yelling females.

Early today bundles of fagots soaked in oil were found lighted near the paint house of the car plant. An investigation will be made.

Tonight conditions about the car plant were ominously quiet.

PELLAGRA PROVES FATAL.

Miss Sweeney Passed Away in Baltimore Yesterday.

(By Wire to the Morning Star.)

Baltimore, Aug. 20.—Miss Cecilia Sweeney, aged 52, the victim of the little known disease pellagra, hitherto referred to in these dispatches as under treatment at the Mercy hospital, died today. The history of the case will be studied at the victim's home on the eastern shore of this State, and a report made to the United States government.

Doors will not be open until 8:30 this A. M., in order to straighten stock and place new goods on sales tables at Gaylord's big 10-day sale. **

TWO MORE ADDED

(Continued From First Page.)

Kite singled to left and Brennan scored; Lohr was out third to first.

In the eighth the Railroaders scored another when after Murray was out second to first, Farrell clouted one to right for two sacks, Conn was safe on error of Sexton and stole second; Thorpe hit to first and Farrell scored on Nichols' bad throw to Kite. Thorpe then stole second and Conn was caught at the home plate on the attempted squeeze; Ogara then singled to centre and Thorpe would have scored, but for the fact that the ball thrown to Kite struck Umpire Hatch and was declared dead, Thorpe being sent back to third; Ogara was then caught trying to steal second.

With the score tied at the beginning of the ninth Rocky Mount was retired in order and for Wilmington Jayes walked; Kite hit to third and on wild throw to first, Jayes, who had pilfered second, scored, winning the game with none down.

The Game Today.

The game today will be called at 4 o'clock and Thorpe will be on the mound for the visitors. The contest will be a great one and supporters of the game should turn out en masse to encourage the team on in its last effort at the pennant, for which the Sailors have a decidedly good chance. With Ross, Smith and Levy back in the game, they should easily get two out of three from Goldsboro the first of the week and possibly the same number from Raleigh here the last three days. The game today will be well worth while seeing.

Fayetteville Wins.

Goldsboro, N. C., Aug. 20.—After bunching six hits for four earned runs off Luyster in the first inning of today's game with Fayetteville, the Giants followed that good work up with six errors, each of which cost them a run and the game, the visitors winning by the score of 7 to 5. Score:

14 Innings at Raleigh.

Raleigh, N. C., Aug. 20.—An advertised doubleheader between Raleigh and Wilson developed into a single 14-inning game in which Wilson won 2 to 1 today. It was a great game witnessed by 3,500 people. Raleigh lost at the finish by two errors, both dropped flies, one by Brumfeld at short and the other by Haas at first base. These put two men on bases and were followed by a hit by Cooper, making the winning score for Wilson.

Pope and Rowe; Lane and Gilmore; umpires Watson and Upchurch.

FLOTSAM.

Toot! Toot!

Another brace tucked away.

Sexton served during both sessions.

Nobody was suffering with batting slumpitis.

Goldsboro again got it in the vicinity of the vertebrae.

It took Wilson fourteen innings to put Raleigh to the bad.

There was a good deal of frayed work on the part of both teams.

Smith and Thorpe did the willow wielding for Rocky Mount in the first, and Ogara and Farrell in the latter.

Brennan was again the leading sticker, getting a single, infield hit and two sacrifices in the opening, and swatting about as consistently in the last.

There will probably be a doubleheader in Raleigh today; and then Wilson stacks up against the Heavy Hitting Highlanders for a series, and later bucks Rocky Mount.

The following interesting items are culled from Sporting Life: "The New York American Club has purchased Catcher Walsh from the Rocky Mount Club.——President Heydler (National League) is reported as having signed for next year Umpire Harry Mace, of the Virginia League, who has been working in the minor leagues for a dozen years after having passed up pitching back in the 80's.——To date eleven men are batting .300 or better" in the Tri-State, including Rath and Clay, of Reading.——John Anderson, who has just joined the Worcester team, is a Red Sox recruit, and will be taken South in the Spring by Manager Lake."

On account of straightening stock and refilling bargain tables you can't get in Gaylord's Big Department Store until 8:30 o'clock this A. M., but when you do, you will find the biggest bargains ever seen this year. **

WOMAN LEAPED FROM TRAIN

Miss Sarah Pardue Fatally Injured in Wilkes County.

(By Wire to the Morning Star.)

Winston-Salem, N. C., Aug. 20.—Miss Sarah Pardue, aged 30, of Ronda, Wilkes county, while returning from a visit to Elkins yesterday, leaped from a passenger train and sustained serious, if not fatal injuries.

Miss Pardue, not being accustomed to railroad travel and thinking that the train would not stop at her station grabbed her baggage and jumped while the engineer was making forty miles an hour.

NEW CAROLINA RAILROAD.

Rumored That Southern Will Build a New Line.

(By Wire to The Morning Star.)

Winston-Salem, N. C., Aug. 20.—There is a well founded rumor current to the effect that negotiations are in progress whereby the Southern Railway plans to build a railroad from North Wilkesboro to St. Paul, Va., a distance of over 200 miles, connecting with a direct line from the West. Preliminary surveys have been made.

TRAGEDY IN SURRY COUNTY

Boy Mortally Wounded Sister With Unloaded Gun.

(By Wire to The Morning Star.)

Winston-Salem, N. C., Aug. 20.—The four-year-old daughter of Samuel Joyner, of Surry county, was shot and perhaps mortally wounded yesterday by her brother who was handling a shot gun supposed to be unloaded.

The Mean Thing!

Mrs. Poyndexter was dropping off to sleep, but her husband was wakeful. "I heard a story today," he began, "about"—

"Oh, don't bother me, Jason!" she murmured. "I'm sleepy."

"I was only going to say"—

"I don't want to hear it!"

"It's about"—

"Can't you let me go to sleep?'

"About Mrs"—

"Mrs. Who?" demanded his wife, sitting straight up, wide eyed and interested.

"I've always noticed," said Mr. Poyndexter, yawning, "that the way to get a woman's attention is to tell her a story about some other woman."—Youth's Companion.

A Black Light.

G. W. Foster of Ottawa asks us if we have ever seen a black light. He says he saw it in South Africa, a most curious meteorological phenomenon. He was sitting over a campfire when he saw a black light his pipe. He also says that there is a sign over a cigar store in Ottawa which looks original. It runs:

"Don't let cigars get the best of you, but get the best of cigars here, for we retail Havanas and would like 2 C U B A customer of ours."—London Scraps.

Consistent.

In a hospital in one of the large cities of central France the physician in chief, in the course of his round of inspection, approached a cot and after feeling the patient's pulse remarked, "H'm—he is doing very nicely; his pulse is much better."

"It is as you say, doctor," replied the nurse, "but it is not the same man. Yesterday's patient is dead, and this one has been put in his place."

"Ah," said the doctor, "different patient, eh? Well, same treatment." And he walked on.

One of the admirable traits of the people is their wonderful self control. They look in a mirror and see a sign of age here and another sign of age there, but it is not on record that they ever let their rage reach such bounds that they smash the looking glass.—Atchison Globe.

A small customer appeared at the grocery store, and the smiling grocer asked him what he wanted.

"Please, mister," said the boy, "I can't remember what ma sent me for, but you can give me 2 cents' worth o' peppermint candy, 'cause she said I could keep the change."—Century.

J. HICKS BUNTING DRUG CO. SUCCESSFUL.

After a great deal of effort and correspondence J. Hicks Bunting Drug Co., the popular druggists, have succeeded in getting the Dr. Howard Co. to make a special half-pirce introductory offer on the regular fifty cent size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that J. Hicks Bunting Drug Co. are willing to return the price paid in every case where it does not give relief.

So great is the demand for this specific that J. Hicks Bunting Drug Co. have been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon them at once, or send 25 cents, and get sixty doses of the best medicine ever made, on this special half price offer with their personal guarantee to refund the money if it does not cure.

A King's Bank.

The practice of hiding money in all manner of out of the way corners is by no means modern. In the old days, according to "Gleanings After Time," secret receptacles were often made in the bedsteads and contributed both to safety and romance. On Aug. 21, 1485, Richard III. arrived at Leicester. His servants had preceded him with the running wardrobe, and in the best chamber of the Blue Boar a ponderous four post bedstead was set up. It was richly carved, gilded and decorated and had a double bottom of boards. Richard slept in it that night. After his defeat and death on Bosworth field it was stripped of its rich hangings, but the heavy and cumbersome bedstead was left at the Blue Boar. In the reign of Elizabeth, when the hostess was shaking the bed, she observed a piece of gold of ancient coinage fall on the floor. This led to a careful examination, when the double bottom was discovered, upon lifting a portion of which the interior was found to be filled with gold, part coined in the reign of Richard III. and the rest of earlier times.

Naming a Kansas River.

Practically all the streams in Kansas were named by Indians and carry those names to this day, though in an Anglicized form.

The Neosho, the largest stream in southeast Kansas, has its own little story. The Osage Indians at one time lived in Missouri, and when they began talking of trading their lands in that state and moving to southern Kansas a party was sent out to look the country over and make a report on it. It was in the summer time and very hot and dry. Coming over the prairie northeast of Humboldt, they had a long way to travel without water.

"When they arrived at the river," said an Oswego man, "an Indian rode down the sloping bank into the water. But, to his surprise, the horse stepped right off into deep water, and the horse and Indian went in all over. As the aborigine clambered back on the bank he muttered, 'Wugh Neosho.' This in plain English means water pocket, or water hole, and the name clung to the stream ever afterward."—Hutchinson News.

Living the Simple Life.

A number of men gathered in the smoking car of a train from Little Rock to another point in Arkansas were talking of the food best calculated to sustain health.

One Arkansan, a stout, florid man, with short gray hair and a self satisfied air, was holding forth in great style.

"Look at me," he exclaimed—"never a day's sickness in my life, and all due to simple food! Why, gents, from the time I was twenty to when I reached forty years I lived a regular life. None of these effeminate delicacies for me, no late hours! Every day, summer and winter, I went to bed at 9; got up at 5; lived principally on corned beef and corn bread; worked hard, gents, worked hard, from 8 to 1; then dinner, plain dinner, then an hour's exercise and then"—

"Excuse me, Bill," interrupted a stranger who had up to this refrained from entering the discussion, "but what was you in for?"—Minneapolis Journal.

Very Nicely English.

This curious Bengali English was used to advertise a circus in India: "Some horse will make very good tricks. The klown will come and talk with that horses therefore audience will laugh itself very much. The lady will walk on horses back and horse is jumping very much also. The klown will make a joking words and lady will become to angry therefore klown will run himself away. One man will make so tricks of trapeze audience will fraid himself very much. One lady will make himself so bend, then everybody he will think, he is the rubber lady. This is the very grand display. This is the very better gymnastics. One man will walk on wire tight; he is doing very nicely because he is professor of that."

The Secret.

"I say," said Berkey to his wife yesterday at dinner, "you didn't say anything to any one about what I was telling you the night before last, did you? That's a secret."

"A secret! Why, I didn't know it was a secret," she replied regretfully.

"Well, did you tell it? I want to know."

"Why, no; I never thought of it since. I didn't know it was a secret."—Boston Globe.

A Lunatic's Repartee.

Some visitors were being shown through Kew Lunatic asylum, Victoria, one day, and, coming opposite the clock in the corridor, one of them, looking quickly at his watch, said, "Is that clock right?"

"No, you idiot," said a patient standing by. "It wouldn't be in here if it were right."

A Queer Eye.

An orator stated that "the worst enemy any cause can have is a double lie in the shape of half a truth," and the newspaper reported it "a double eye in the shape of half a tooth."

An Exception.

She—Do you suppose a man ever spoke the truth when he told a woman she was the only one he ever kissed? He—Well, I don't believe Adam lied about it to Eve.—Boston Transcript.

Hopeless.

"He ought to turn over a new leaf."

"Gee, that wouldn't do much good. He could turn over a whole library, and not have a good start toward being decent."—Exchange.

SPIRITS TURPENTINE

—Goldsboro, Aug. 19.—James Edwards, of Grantham township, was brought to the Goldsboro Hospital last night in a dying condition, as a result of a blow on the head brutally inflicted by a negro. The assailant escaped and is still at large.

—Fayetteville, Aug. 19.—Sheriff N. A. Watson, of Cumberland county, assisted by Deputy J. C. Culbreth, captured the 29th illicit whiskey still taken during his administration. The still was found on a branch near Carver's Creek, 11 miles from Fayetteville. The outfit, which was the 26th copper still captured by Sheriff Watson, was nearly new and very complete. It had been torn from the brick furnace and hidden in the bushes. No one was found near it.

—Winston-Salem, Aug. 19.—Subscriptions to the Methodist Children's Orphanage aggregate $19,156.10, according to the last report of Rev. J. P. Rogers, field agent. A great transformation has already taken place on the old Davis School site, west of the city, which is the location of the orphanage. Workmen are busy getting some of the structures in shape. A good deal of the furniture to be used has been donated by furniture manufacturers in High Point and Winston-Salem.

—Newbern, Aug. 19.—Thousands of enthusiastic people cheered the participants in today's races of the Colored State Firemen's tournament. Teams in the various races were from the following cities: Fayetteville, Wilson, aRleigh, Oxford, Monroe, Salisbury, Statesville, Enfield, Tarboro and Newbern. In the grab reel race the team from Fayetteville won first prize by making the run and handling the apparatus in 25 seconds. Newbern gained second honors by making the time of 27 seconds. The other contestants in this race were ruled out for not complying with certain rules governing the races, with the exception of the Enfield team that made it in 28 seconds. In the reel race Fayetteville landed first prize by the time of 25 2-5 seconds, Raleigh by fast work in 28 2-5 seconds won second prize. In a hot race the representatives from Wilson's team won the foot race. The white citizens of Newbern donated hundreds of dollars for the entertainment of the visiting firemen.

—Charlotte, Aug. 19.—A strange outcome has developed in the case of Mr. D. A. Hurley, formerly a well known cotton dealer here, who is under indictment on a charge of assaulting his wife with a pistol by the sending in today of a true bill by the grand jury charging the defendant with a new offense, with "shooting up" the building in which he was at the time of the alleged assault. Under an act of the Legislature creating a new law it is an indictable offense for any person to disfigure any building by shooting the same with a pistol or shot gun. In the case in question it is said that the bullets from Mr. Hurley's pistol entered both the ceiling and the door between Mrs. Hurley's room and the bath room between the suite of rooms occupied by the couple at the Buford. There seems to be little probability of Mrs. Hurley being in the city to appear as a witness against her husband in the assault case, but it is said that on the new charge witnesses will be found in the city.

—Greensboro, Aug. 19.—The line of large steel towers being erected by the Southern Power Company from Salisbury to Greensboro will be completed to this city by next week, the construction force now being encamped in the suburbs. The North Carolina Public Service Company, which owns the street car, gas, power and lighting franchise, will use the Southern's electric product, and distribute it throughout the city. The immense Cone mill, which already has a modern and highly improved electric power and lighting system of 4,000 horsepower capacity, generated by coal, will also use the Southern Power energy, but will keep its local plant in shape for protective purposes. The Public Service Company will also continue its extensive local plant for protective as well as supplementary service. But in a few weeks Greensboro will be using principally electric force generated on the Catawba river in South Carolina, and transmitted these many miles over the wires of the Southern Power Company.

—Winston-Salem, Aug. 19.—Ingenuity which would reap rich rewards if directed in other channels, perhaps, is a highly developed characteristic of Ernest Barber, a negro boy, arraigned today in the recorder's court, and sentenced to three months on the county roads for the theft of 40 cents. Ernest, witnesses said, had been pandering slyly to the appetites of farmers, particularly, since the prohibition law went into effect, not really furnishing the thirsty ones with liquor, but extracting small sums from them with the promise of getting it. One man testified that Ernest had sold him a bottle of plain water for 50 cents recently. Ingratiatingly, the ebony youth approached his victims with inquiry about how their asthma was, and, since lots of folks have asthma, apparently his sympathy was seldom misplaced. Many people who are troubled with asthma think that a drink does them good, and right there was where Ernest would score. He got 40 cents from a farmer named J. A. Covington, promising to deliver him a bit of wet stuff, and then disappeared. Later Mr. Covington was again approached by Ernest, who had forgotten him. The arrest followed.

When you put a roof on your building, it isn't temporary relief and a medium amount of satisfaction that you want, but *permanent* relief and *complete* satisfaction.

Amatite is a *real mineral surfaced roofing*. Get it and you will experience at once what roof satisfaction is and what roofing difficulties can be prevented.

You will find that *it needs no painting* or attention of any kind after it is laid.

It doesn't pay to patch old roofs when you can get a new Amatite roof at scarcely any greater cost.

Amatite is easy to lay and can be nailed on over the old roof without trouble.

Get a sample of Amatite and do a little investigating. It won't do any harm, and when *your* roof needs attention or you erect a new building you will be glad to use it.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Aug. 20.—Reports of lower temperatures and showers in the Southwest caused a decline in the cotton market today the close being easy at a net loss of 18 to 24 points. The market opened steady at a decline of 7 to 9 points with active months selling about 8 to 10 points net lower during the first few minutes owing to lower cables than expected, scattering liquidation and local bear pressure. After early offerings had been absorbed the market rallied to within four or five points of last night's close on the detailed Texas report showing little improvement in the weather during the past 24 hours and covering but the market soon weakened again and the lowest point was reached late in the day when selling was encouraged by a number of private wires reporting showers in parts of Texas accompanied by lower temperatures and also by talk of lower offerings for early shipment from the eastern belt. Last prices were the lowest of the day. Local bulls claim that the showers reported so far in the Southwest are not sufficient to do the crop any good and should they be followed by renewed heat might prove detrimental in the long run, but there was no aggressive support at any time during the day; business being largely in the way of evening up for over the week-end, and while awaiting developments with reference to the effect of increasing new crop receipts. Southern spot markets officially reported early were unchanged to 1-8c lower. The western belt forecast was for partly cloudy weather in Texas with showers in the Northwest.

Receipts at the ports today 2,514 bales against 1,620 last week and 11,600 last year; for the week 15,000 bales against 11,058 last week and 43,907 last year. Today's receipts at New Orleans 357 bales against 323 last year, and at Houston 2,321 bales against 5,568 last year.

Spot cotton closed quiet, 15 points lower; middling uplands 12.65; middling gulf 12.90; sales 917 bales. Futures opened steady and closed easy.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug. 20.—The jobbing end of the dry goods trade is quite active but the primary markets are generally quiet. Yarns are quiet and lack snap. The local wool market has been active during the week. A jump in jute prices has led to more firmness on jute products, such as oil cloths, burlaps, etc.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, Aug. 20.—Following its course of the previous four days, today's stock market was again very irregular when not altogether disorganized. At the opening most declines were fractional but before the end of the first hour the movement gathered great momentum under a fresh accumulation of selling orders and recessions of two or more were recorded through the active list.

The business of the morning session was estimated at over 700,000 shares. There was intermittent rallies but early in the afternoon the list took a fresh start with further liquidation in Union Pacific, Southern Pacific, Reading, United States Steel and others of the active group. Of the many theories to account for the market's extreme heaviness only two are worthy of serious consideration. The first, of course, has to do with the apprehension existing in many quarters regarding the health of Mr. Harriman, and the other is that a "shaking out" of the rank and file was deemed advisable by those who are supposed to be in control of the market's movements. The final hour was characterized by orderly and steady recovery, many issues regaining the larger part of their loss while not a few made net gains. Dealings in four stocks—Union Pacific, Southern Pacific, Reading and United States Steel—made up fully 60 per cent. of the day's business. The closing was steady with the rally still under way.

The bond market was again weak. Total sales par value amounted to $4,978,000. Government bonds were unchanged on call. Total sales for the day were 1,450,700 shares.

FINANCIAL MARKET.

(By Wire to The Morning Star.)

Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, billiousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by R. R. Bellamy.

BASE BALL

American League.

Detroit, Aug. 20.—Detroit could do nothing with Gray until the sixth inning, when he became unsteady, then in the sixth and eighth Bush hit in runs, scoring himself, also in the eighth, in which inning Gray walked four men and hit another. Because of the trade of Rossman for Tom Jones, of St. Louis, completed today, Crawford went to first base. Cobb was put off the field for disputing a decision at the plate in the eighth inning and Detroit finished the game with an entirely substitute outfield.

FARM HAND CONFESSED CRIME.

Says He Murdered Wealthy Georgia Woman—He Loved Her Also.
(By Wire to the Morning Star.)

Douglas, Ga., Aug. 20.—Declaring that he had rather see her dead than married to another, William McLeod, a farm hand, today confessed to Sheriff Ricketson that he murdered Miss Mattie Graham, a wealthy and refined young woman, whose body was yesterday discovered in a swamp near her home at Hokesboro, Coffee county.

Going into every detail, his statement is that he left his work and went to the house before dinner. Not seeing her, he asked for Miss Mattie and, being informed that she had gone to her field for a melon, he followed and found her.

Both started back towards the house side by side. Coming to a branch near the house he let her precede him. When at her back he caught her by the left arm and cut one side of her throat. She turned and looked him in the face and exclaimed:

"Lord have mercy," the only words she ever spoke, after the attack. Then he finished cutting her throat and cut her in the side as she fell.

He stamped her in the face, washed the blood from his knife, face and overalls, and when dry, went to the house and ate dinner. His only motive for the crime was that he had rather see her dead than see her marry Byrd Mobley.

While he loved her he had never told her, and if she was now alive, no motive could induce him to harm her. His only fear appears to be of being lynched. He does not show any remorse.

'Twas A Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrhages, Hay Fever, LaGrippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c and $1.00. Trial Bottle free. Sold and guaranteed by R. R. Bellamy.

INQUIRY CRITICISED

(Continued From First Page.)

Sutton, who was originally only a party of the inquiry, first as a complainant before the court, and next as a defendant "against whom the energies of those interested in the accused officers were thenceforth directed."

He dismisses the matter by saying that it is unnecessary for him to characterize the action of the judge advocate in the premises.

Mr. Davis concludes by saying that the statement is on his own exclusive responsibility and is given out without conference with any other person whomsoever.

Mr. Davis declined to state what further action he would take, although it was made evident that the case would not be dropped.

AEROPLANES IN FLIGHT.

Noted Aviators Gather at Rheims For Great Contest Today.
(By Cable to the Morning Star.)

Rheims, Aug. 20.—Aeroplanes flying in straight lines, making wide turns or wheeling abruptly traveling slow and fast and low and high was the striking spectacle offered 15,000 persons on the field of Betheny today.

Two slight accidents occurred. M. Dumanest, driving an Antoinette machine, came to the ground sideways and broke one of the runners of his aeroplane and M. Goffrey, in an Esnault-Pelterie monoplane with bright red tails, had accomplished a flight of a kilometre when the machine struck a hedge, demolishing its propeller.

This was the second last practice day before the commencement of the prize flights of aviation week. The weather was beautiful.

Glenn H. Curtiss, the only American who is to compete in the races was given an ovation after a successful practice fight of seven minutes. Although the motor of his machine was erratic, the bi-plane sped straight on its course, and without swaying.

Numbers of Americans are arriving for the race.

There was a great outburst of enthusiasm when Bleriot and Sommer crossing each other's course in the air each politely dipped his machine in salute.

There is now a total of 28 machines on the grounds, but not all of them are ready for flights.

TROUBLE FEARED IN MEXICO.

Whole Country in a State of Political Unrest—Troops Are Moving.
(By Wire to the Morning Star.)

Mexico City, Aug. 20.—A special dispatch from Monterey to the Mexico Daily Record says: "Not a weapon of any kind could be bought today. Half of the men of the town are carrying concealed weapons. Lodges of clandestine Masons, who recognize General Reyes as chief are preparing a demonstration at Alamada. Trouble is feared."

Special news despatches from various parts of Northern Mexico agree that the situation throughout that region is one of much political unrest. General Trevino, newly appointed commander of the third military zone, is acting with vigor. During the last two days troops have been moved quietly and swiftly to places where they will be most needed in case of serious disturbances. The government has the situation well in hand.

The trouble centers about the personality of General Bernardo Reyes, governor of Nuevo Leon, and formerly minister of war. The Reyeista party, with branches in every State, has named Reyes as a candidate for the Vice Presidency in opposition to Ramon Corral, incumbent who has been nominated by the administration party. Some time ago Reyes left Monterey for the Summer resort of Galeana, in the mountains. Yesterday he left for the ranch of a friend. Simultaneously troops were sent to the mountains and the latest dispatches say that Reyes is surrounded by Federal forces.

CASHIER NEXT WITNESS

Breese Trial as Asheville Continues With Bank Officials on Stand.
(By Wire to the Morning Star.)

Asheville, N. C., Aug. 20.—Counsel for the defense in the Breese-Dickerson bank case, announced today that W. H. Penland, former cashier of the failed First National Bank, and who is charged in the same indictment with Breese and Dickerson, although he is not on trial with them, would be called to the witness stand tomorrow.

Dickerson was called upon to explain why he had substituted notes of insolvent persons for his own, if he had not meant to deceive the comptroller. He replied that he had put in such notes because Breese and Penland told him his borrowings from the bank were beyond legal requirements.

He declared that when his obligations to the bank were largest he, Breese and Penland could have paid the banks debts two times over.

The government has summoned a number of witnesses who will testify after the defense closes included in the number being former Comptroller John M. Coffin.

BIG FIRE AT PORTSMOUTH.

Forty-seven Buildings Destroyed by Fire of Incendiary Origin.
(By Wire to the Morning Star.)

Norfolk, Va., Aug. 20.—Forty-seven buildings, including two grocery stores, one bakery and a warehouse, were destroyed by fire of suspected incendiary origin in the suburban tenement district of Portsmouth early today.

The block bounded by Duke, Effingham, Brighton and Green streets, was wiped out and the flames also spread to property adjoining.

Many poor families were made homeless, losing practically their all. The loss is estimated at $37,000, partially insured.

The Portsmouth fire was followed by one in the Berkeley tenement district when 12 houses were destroyed. Loss $10,000, with partial insurance.

BRUTAL CRIME IN GEORGIA.

Negro Who Killed White Woman and Infant Lynched by a Mob.
(By Wire to the Morning Star.)

Fitzgerald, Ga., Aug. 20.—Henry Taylor, a negro ex-convict, charged with assaulting Mrs. Josh Vickers Tuesday and then murdering her and her infant, was this afternoon taken from the sheriff of Wilcox county, between Lumpkin and McRea, and lynched. The crime for which the negro paid the penalty at the hands of indignant citizens was one of the most brutal ever recorded in the criminal annals of Georgia.

Mrs. Vickers and her eight-months-old baby were left at their home at Lumpkin's Ferry Tuesday afternoon and that night when the husband and father returned from his work both wife and baby were missing. A search revealed the fact that they were not at the home of any neighbor. Soon their disappearance with suspicion of foul play, was known throughout the neighborhood and search for them was immediately commenced. Thursday afternoon the bodies were found in a small pond not a great ways from the Vickers' home. The woman had been assaulted and then choked to death, while the baby's skull had been crushed.

Henry Taylor had told of seeing Mrs. Vickers with her baby go in the direction of the pond in which their bodies were found. Suspicion was immediately directod toward him upon the finding of the bodies, but he had disappeared from the community.

Early today Taylor was arrested in Benhill county, near Lumpkin's Ferry. He was taken in charge by the sheriff of Wilcox county, who immediately started for Fitzgerald. Finding that his way was blocked by the presence of large numbers of aroused people a circuitous route was taken. The mob continually augmented by blood thirsty men, followed the trail of the sheriff and finally came upon him between Lumpkin's Ferry and McRae and quick work was made of the negro. After being strung up to a tree Taylor's body was filled with bullets.

Taylor had only recently completed serving a chain gang sentence.

GEORGIAN KILLS WIFE

Shot Her Dead in Chief's Office When She Refused to Return Home.
(By Wire to the Morning Star.)

Wilkesbarre, Pa., Aug. 20.—George F. Marion aged 52 years, of Atlanta, Ga., shot and killed his common law wife in the office of the chief of police in this city tonight. Marion and the deceased, who was formerly Miss Frances Lee, of Zion City, Ill., had, it is alleged, been living together as husband and wife for seven years. Marion during the Winter was a theatrical advance agent and a Pullman car conductor during the Summer. Several weeks ago, it is claimed, the woman ran away with another man, taking her child with her. Marion traced her to this city, and through the chief of police, arranged to meet his wife at police headquarters tonight. When they met he kissed her and both appeared happy.

Turning to Chief of Police Long, Marion asked the latter to step from the office a few minutes while he spoke to his wife private. The chief thinking he was accomplishing a kind act by bringing man and wife together, readily consented.

As soon as he left the room, Marion asked his wife if she would return to Atlanta with him. She refused, whereupon he pulled a revolver and shot her dead. Marion was sent to jail.

NATURE TELLS YOU.

As Many a Wilmington Reader Knows Too Well.

When the Kidneys are sick,
Nature tells you all about it.
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Wilmington people testify to this.

Mrs. W. W. Mince, 706 South Fifth street, Wilmington, N. C., says: "I am very thankful to Doan's Kidney Pills for the great benefit I received from their use. For a long time I was a victim of kidney trouble. The kidney secretions were too frequent in passage and at times contained a heavy sediment. My back ached almost constantly and some days I could hardly get about to do my housework. I heard so much about Doan's Kidney Pills that I procured a box at Robert R. Bellamy's drug store and began using them. They helped me more than anything I had ever taken, strengthening my back and kidneys and invigorating my whole system."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
